

Health Education That Keeps Patients Engaged

30 Years of experience and healthcare education,
re-imagined for the digital age

Patient Education Hub

Embeds on your website and features...

- ✓ Searchable archive of 30 years of professional written Your Health articles.
- ✓ Full history of Your Health digital practice newsletters.
- ✓ Health Tools and calculators for patients and doctors to use during consultations.
- ✓ Practice resources — add your own links and documents. Great for additional health info and practice policy downloads
- ✓ Patient education toolkits (coming soon). Perfect for GPs to send during a consultation.

Monthly Newsletters

Email and printable newsletters for your patients and the waiting room...

- ✓ Bite-sized health content and medical innovation news, with deeper dives available.
- ✓ Connects directly to your website's patient hub via email links and QR codes, driving visitors and appointments.
- ✓ Build your email list via embedded website subscription form, or upload and invite them to subscribe directly.
- ✓ Published every month. no more hard deadlines, release when you're ready and the system will play catch-up.
- ✓ Personalise by replacing any article with your own practice news and even include a custom photo if you like.
- ✓ Practice information sheets as individual handouts or integrated into the newsletter

Everything is beautifully designed to match your practice's unique look and feel. Tick the patient education box for accreditation and improve health outcomes. Up the SWPEs! Keeps your practice front of mind when the need arises

No lock-in contract, try it and if you don't love it, cancel any time. Only \$50/month (ex.GST) + 10% discount if you connect an automated payment method!
